The suit was filed for insurance due on the steamer Gracie Childers, which was burned at the local wharf September 3. The three policies were contested by the companies because of alleged failure to provide the proper number of watchmen. The suit was fought strenuously in the circuit court on both sides. Wickersham Pleads For Federal Control of Railroad Issues in a Chicago Address This Morning

**Says Reckless Issue of Stocks
is as Demoralizing as Any
Lottery, and State Control
Essential.**

Chicago, June 24.—Declaring the reckless issue of railroad stocks and bonds is as demoralizing to public as lotteries, Attorney General Wickersham made an argument in favor of the federal regulation and control of all railroad issues in an address before the State Bar association here today. He contended that federal control was an essential part of the government's supervision of interstate commerce and argued that legislation to obtain such control was within the power of congress. In an interview afterward, Wickersham said the investigation and prosecution of the "beef trust" would go ahead, that new judgments would be drawn, probably individually against the packers. He declared the railroad law was a good law.

37 Mexican Troopers Killed.

CELEBRATING ST. JOHN'S DAY.**

A ball game between a picked team will be played. Incoming packet boats brought visiting lodges, although not as large a crowd is not on hand as was expected. Many prizes are to be awarded this afternoon for the winners of the foot races. St. John's day is to be a regular event each year hereafter.

REAL ESTATE DEAL IN WEST END OFF

**IS ONE OF THE REPORTS MADE
TODAY.**

No deal for real estate located in the west end has been consummated yet, according to the best advice obtainable. Messrs. R. J. Zachray, of Baltimore, and W. C. Raymond, of Lynchburg, Va., were in Paducah this week and were negotiating with Mr. S. B. Caldwell for the purchase of a tract of land near the Gregory Heights land. It is said that the two men, who came to Paducah about two years ago, are considering speculation in Paducah real estate because of the entrance of the new railroads, and that their negotiations were in no way connected with the railroads. Some of the surveys of the Burlington engineers are near the property, which it is said they are considering as located advantageously for residence property.

Jesse Fort Turns Up Very Much Alive

Very much alive, Jesse A. Fort returned to Paducah today from the west, where he has been for several months. Early in May a letter was received by The Evening Sun from Wichita, Kas., in which it was stated that Fort was found murdered and robbed, but at the time little faith was placed in the letter by Fort's friends. Their assumption was true as he returned to Paducah today. Until several months ago Jesse Fort

VINCENNES TEAM OUT FOR BLOOD

**STUNG BY THREE DEFEATS AT
HANDS OF CLARKSVILLE.**

Bristling under their three defeats on their home lot by Clarksville, the Vincennes baseball players arrived in Paducah this morning to open a series of games with the local club. In the series beginning June 12, the Alices secured an even break, but the Indians will try hard to take all this time, and mount to second place in the percentage column. By taking three games the Indians will be tied with Vincennes for second position.

Chief Angermeyer decided to risk Ewing Harris with Overton behind the bat for today's game. Manager Nairn announced that Johnson and Fish would be the battery for the visitors.

Brown, the Knoxville first baseman, returned this morning from Louisville, and left this afternoon for Hopkinsville to join his teammates. Brown's injured finger has about recovered, and he will be in the game by tomorrow.

Bambrough, the Hoppers' right fielder, was released yesterday and it is said may be signed by Vincennes.

Umpire Connie Smith has resigned and Sam Goodman, a local ballplayer, has received his appointment as dictator. Goodman will officiate in his first game this afternoon.

**ANOTHER CLUE TO
IDENTITY OF MURDERED BOY.**

**HORSE LOVERS OUT
TO SEE SPEEDERS GO.**

Many horsemen were out at the race track this morning to see the workouts of Dr. M. and Reelfoot, who will settle the rivalry one week from today. Both horses are in splendid form, and went around the track at a lively clip. The track is not in good condition now, and before the race should receive considerable attention to insure the horses having an opportunity to display their speed. The best time made this morning was 2:14 1/2. The race next Friday is calculated will draw many people to Paducah as the fair association is advertising it extensively.

**WM. EADES MAKES FURTHER
REPLY IN DIVORCE SUIT.**

In the divorce suit of Mrs. Woodson Cole Eades vs. Nathan William Eades, the defendant filed a rejoinder to the plaintiff's reply this morning in circuit court. In the rejoinder Mr. Eades denies the allegations in the reply that he was not sociable at his home, and that he provided sparingly for his family. Mr. Eades recites that before the marriage he gave his wife a check for \$100 in order that she might purchase wedding clothes and articles. He alleges that she was a girl employed on a salary, and even after marriage that he assisted financially her mother in Birmingham. He makes a general denial of all the allegations in the reply, and that some of the allegations in his answer were for grandstand play.

**ENGLAND WILL CHANGE
ADMINISTRATION IN EGYPT.**

Manchester, England, June 24.—Exclusive cables to the United Press two weeks ago to the effect that England was considering a change in the administration in Egypt is confirmed by the Manchester Guardian today. Make Brown White**

**The Closing Arguments Have
All Been Made.**

JUDGE INSTRUCTS THE JURY.

Chicago, June 24.—State's Attorney Wayman made the closing arguments in the trial of Lee O'Neill Brown today. Judge McSweeney is to give the case over to the jury with instructions this afternoon. Wayman made no attempt to retaliate on the defense's attacks on Representative White, declaring White's blackness didn't make Brown white.

**DR. O. R. KIDD AND DR. GRAVES
DON'T SEEK HEALTH BOARD.**

With the announcement of prospective candidates for city health officer to succeed Dr. H. P. Sights, the incumbent, whose resignation becomes effective July 1, there have been two denials. Both Dr. O. R. Kidd and Dr. W. T. Graves said today they were not candidates and had no intention of seeking the place.

In the announcement yesterday afternoon in The Sun the name of Dr. C. E. Kidd should have been in place of his brother, Dr. O. R. Kidd. Dr. C. E. Kidd is a member of the board of health and does not deny that he is a candidate. Dr. S. Z. Holland will be a candidate for the office also. Much interest has been aroused in the appointment.

**IRIS SUE TO RECOVER
MONEY FROM GUARDIAN.**

Two suits were filed in circuit court today over the alleged failure of J. W. Williams, guardian of Corn Jones and Rosa Butrum to settle and account for funds received by him as guardian of the two girls. Cora Jones, through her administrator, F. G. Rudolph, and Attorneys Oliver, Oliver & Wickliffe, filed suit against Williams for \$1,466.25, and Roet Butrum through her guardian, W. F. Ivis, and Attorneys Price & Cooper, filed suits for \$2,375. The two girls were injured in an accident at the factory of the Paducah Box and Basket factory over a year ago by the collapse of a run, and the money was received from the company. Williams was appointed guardian, and afterwards, the petition alleges, removed, and he has failed to settle promptly. The surety of Williams, I. E. McKeel, C. M. Perkill, J. F. Harth and E. J. Still, are named as defendants.

**OLIPHANT FILES
HIS ANSWER**

This morning in circuit court the separate answer of John T. Oliphant was filed in the suit of Councilman W. L. Bower against the Vincennes Bridge company for alleged damages as a result of the publication of an affidavit published in a Paducah newspaper during the last county campaign. Mr. Oliphant denies that he caused the affidavit to be published. He denies that he signed the affidavit for the effect of any injustice, and says that he does not charge of false swearing, and denies that he used the words that Mr. Bower says he did. The affidavit was written, he says, not because of any hatred, and that he believes the publication of the affidavit has not injured the social standing of Mr. Bower. In his answer Mr. Oliphant recites that he secured the contract for the erection of the concrete bridges in McCracken county, and on one of his business trips to Paducah learned of the publication of an affidavit by Councilman Bower. For his protection he says that he signed the affidavit, which is copied in his answer to the suit.

Charlton's Friends Advance The Plea of Insanity and May Fight Against His Extradition at Trial

**He Will Not be Permitted to
Plead Guilty and His Attor-
neys Hope For a Man-
slaughter Verdict.**

Hoboken, N. J., June 24.—The preliminary examination of Porter Charlton, the confessed wife murderer, was adjourned this morning by Recorder McGovern at the request of Charlton's attorneys and the case set for Tuesday. Charlton was transferred to Jersey City.

Although the attorneys retained by Charlton's father refuse to talk of the case, it is understood that alienists will be engaged to examine into Charlton's sanity. His statement to the police after his arrest is to be taken as indicating a lack of mental balance.

He will not be permitted to plead guilty as he said he would when he was arraigned. Attorneys familiar with Italian laws say the evidence against Charlton is circumstantial, other than his confession and he hardly will be convicted of a higher degree than manslaughter, and the penalty will not exceed six years. This will be close to a death sentence though, as Italian prisons are indoor confinement. Charlton is a consumptive. Judge Charlton, his father, declared today his son is insane. The body of Mrs. Charlton will be brought to the United States and buried in San Francisco.

Marquis De Montiglia, the Italian embassy here to represent the Italian government, said he believed the evidence pointed to a premeditated murder. He said he was prepared to institute steps for the return of Charlton to Italy without delay. Charlton's father refused to discuss a rumor. He will fight extradition, and intimated it would be a legal struggle from the start. Charlton is watched closely to prevent an attempt at suicide.

**ITALY WILL EXTRADITE
CHARLTON FOR TRIAL.**

Comol, Italy, June 24.—Italian authorities took the preliminary steps for the extradition of Charlton today. The king's procurator swore to an affidavit formally charging Charlton with murder. It will be signed by the judge and sent to the foreign office through which an extradition will be made on the U. S. state department. It is the belief of the police in Italy Charlton will get off with a light sentence if he pleads guilty.

**SAMUEL HINTON IN A
PRECARIOUS CONDITION.**

Mr. Samuel Hinton, 220 North Sixth street, is in a precarious condition with pneumonia today and is not expected to survive the day. He is 86 years old and owing to his advanced age his recovery is doubtful. His condition became alarming yesterday and last night he was barely alive. He is a well known citizen of Paducah and one of the early settlers.

J. R. Shore Seriously Burned.

J. R. Shore, a car repairer at the Illinois Central shops, was seriously burned about the hands and face this morning by the ignition of some crude oil. He was rushed to the railroad hospital, where his injuries were dressed and is resting fairly well this afternoon.

**SKYLARK PARTIES
ARE THE THING**

**DEUTSCHLAND HAS FULL PAS-
SENGER LOADS ON TWO
TRIPS.**

Dusseldorf, Germany, June 24.—The first aerial trip for commercial purposes began here today when the "Deutschland" dirigible sailed for a three-hour trip with 20 passengers. Tickets were purchased two weeks ago for \$50 each, so great was the rush to get to ride. The first hundred miles was completed without mishap, and averaging a speed of 30 miles despite it encountered bad weather. The second trip will start this afternoon with 20 new passengers. This will be 100 miles. The third trip will be to Friedrichshafen.

If the three trips of "Deutschland" are completed today they mean a revenue of \$3,000. All places were booked. Dusseldorf will be used as the starting point and terminus of all the "Deutschland" short trips of 100 miles or less.

JEFFRIES IS IN PERFECT CONDITION

**MIKE MURPHY SURPRISED AT
BIG MAN'S APPEARANCE.**

Reno, June 24.—Mike Murphy, the veteran trainer, watched Jeffries work today and says he is surprised at the condition of the big man. He declares the boxer is perfect. Jeffries refused to discuss on the Sullivan incident. Corbett and Sullivan nearly came to blows. Corbett accused Sullivan of declaring in Boston the fight would be a fake. Sullivan denied it but Corbett refused to allow Sullivan to remain in the camp.

Johnson in Reno Now.

Reno, June 24.—Johnson arrived here this morning and went into camp. He will resume training today. John L. Sullivan is the most disgusted man at Reno today. Despite his popularity the most comment is "He got what was coming to him." Corbett expressed sympathy for Sullivan, saying he is sorry he had to refuse to allow Sullivan in Jeffries' camp.

**SULLIVAN MET COLD RECEPTION
When He Attempted to Interview
Jeffries Yesterday.**

Reno, Nev., June 24.—Despite Tex Rickard's advice John L. Sullivan tried to interview Jeffries. He was denied admission to Jeff's quarters and was told by Jim Corbett that Jeff would not shake hands with him.

Sullivan demanded an explanation and Corbett answered that it was because of the many roasts Sullivan had given the big fight in the newspapers and from the stage.

Corbett cited the recent utterance attributed to Sullivan to the effect that if Jeff won the fight it would be a fake. Sullivan hotly denied making such a statement.

"You" admit," said Corbett, "that a man who knocks his own game is a big stiff."

Sullivan returned to Reno.

Estrada Forces Successful.

Bluefields, June 24.—General Mena, commanding the forces of Provisional President Estrada is meeting with success in his campaign on Managua, having occupied Acopya, according to dispatches here. Madrid had a garrison of 400 at Acopya, but they dispersed after a sharp fight. Acopya will be used as a supply base.

SURVEYORS ARE BUSY IN WEST END

**GO OVER SURVEYS NOTED FEW
DAYS AGO AGAIN.**

Burlington railroad civil engineers are still surveying in the west end and several lines have been run from the north to the southern limits.

That the road will finally adopt the route just behind League park as the link from the Metropolis bridge to Union station is the opinion of real estate men, who have been noting the progress of the engineers. This opinion is based on the fact that two surveys have been made over this route and furthermore that this route is in a direct line between Union station and the approach to the Metropolis bridge. This line passed just back of the ball park and east of the Wallace park lake. It cuts through three grocereries of Parish, Lann and Haynes & Dismukes south of the Broadway road and north of the ball park. It passed in front of Col. D. A. Yeiser's home and in front of the new home of Mrs. William Bornemann, thence out Friedman avenue and on toward the Ohio river.

One survey has been made between the homes of John Keller and Mr. Wolff and directly through Kirkhoff's garden, west of the fair grounds. Among real estate men this route appears the easiest although this has not been gone over but once.

Eagles Scath Indians.

In an exciting double-header, played this morning, the Baby Eagles defeated the Little Indians, the first game being 14 to 3 and the second 10 to 8. The batteries were: For the Eagles, McCann and Herman. For the Indians, Sandy and Price.

STRINGER PLEAS A BIG CROWD AT THE CHAUTAUQUA

**Delivers a Brilliant Address
Which is Greatly Appreciated by Audience.**

**Another Interesting Program
Promised For Tonight.**

SOME TOMORROW FEATURES.

Those who heard the splendid Castle Square Entertainers and the magnificent speech of Hon. Lawrence B. Stringer at the Chautauqua last night were doubly repaid for their money and time. The entertainers presented a full and complete program, intermingling the classical selections with present day ballads, and it was with the greatest difficulty that they were able to leave the platform on account of the applause. At 7:45 Mr. William Hummel, chairman of the Chautauqua association, introduced the speaker of the evening, Hon. Lawrence B. Stringer, who came upon the platform amid a round of applause from the people who had gathered to hear the noted orator; and during his entire lecture, although a storm seemed to be approaching, not a single person left the audience. His lecture was a masterpiece of eloquent oratory, interweaving witty and humorous thoughts with matchless and masterful principles, and it was pronounced by many as the most finished production of oratory ever heard in Paducah.

This afternoon at 3:30 the Castle Square Entertainers will give a short number, which will be followed by the celebrated Prof. Ash Davis. Mr. Davis has been on the Chautauqua platform continuously for 13 years, and his fame has spread all over the country. He is not only a cartoonist, a fine artist, but an attractive and entertaining lecturer. Some of his best novelties are the landscapes, chalk talk, rag pictures, musical burlesques and transforming scenes and the rapidity with which he draws enables him to present from 20 to 30 pictures in an evening.

Tonight promptly at 7:45, the Castle Square Entertainers will render their choicest selections and will entertain the audience during the entire evening. The nature of their selections will be diversified, both in their instrumental and vocal and the management without resitation or reservation pronounce this company as the best which has thus far appeared. Their whole performance is such as to cause continuous laughter.

Tomorrow afternoon at 3:30 the Fisher Shipp Concert company is scheduled to appear. The company is composed of Misses Fisher Shipp, Etta Heacock and Alice Carney and Mr. Lloyd Loar. The versatility of this company enables them to give an unusual varied program. Their vocal selections are highly recommended, while Mr. Loar is an accomplished musician on nearly every kind of stringed instrument.

Tomorrow night at 8 o'clock the Fisher Shipp concert will open the evening program with a few selections followed by a lecture of Mr. Robert Parker Miles, entitled "Tallow Dips." By virtue of the great dramatic power he is able to reproduce, "Tallow Dips" instill the great fundamental truths give the lesson of their lives to the world. He has the art of pointing out the good traits in mankind and takes the worst of men and selecting the good in them presents it as a gem to his hearers.

PROFESSOR DINES ON SKUNKS.

Frank E. Wood, of Illinois University, says They Are Good to Eat and Are "Unjustly Persecuted."

Champaign, Ill., June 24.—The much maligned skunk has a defender in the person of Prof. Frank E. Wood of the Illinois state laboratory of national history, who declares the animal is good to eat as well as being otherwise useful.

That the flesh of the much dreaded beast is white, tender, and of a delicious flavor if the scent glands are removed is the assertion of the savant.

Prof. Wood gives no recipe for the capture of the animal, and does not tell just how one is to be enabled to enjoy the meat.

"No animal is more unjustly persecuted than the skunk," asserts Prof. Wood. "It is the best friend the farmer has, destroying enormous quantities of grubs, beetles, grasshoppers, mice and moles."
